

Wall Pad Large Cutout Trim Kit

Specifications -

WALL PAD LARGE CUTOOUT TRIM KITS provide a neat and clean answer to working around large items like fire extinguishers, drinking fountains or similar fixtures that are mounted on surfaces to be padded. Large Cutout Kits consist of molded inside corners, outside corners, straight strips and splices to allow for almost any size and shape of cutout necessary. Straight Strips and Corners are molded from a custom flame resistant thermoplastic elastomer formulation and have a Shore-A durometer hardness of approximately 89.

Strips and corners can be field cut to exact required dimensions to ensure a pleasing appearance. Cutout kits are available in light gray or black. Cutouts are designed to accommodate any wall pad with the standard 2 7/8" thickness.
