

SMS Flatscreen Mounts for Medium Weight Displays—Use this page if display is 37" diagonal or smaller, weighs less than 66 lbs, and has 75 mm x 75 mm, 100 mm x 100 mm, 100 mm x 200, 200 mm x 200 mm, 200 mm x 400 mm VESA™ mounting hole patterns or a maximum mounting hole position of 330 mm vertically x 420 mm horizontally. Draper continues to offer the most sophisticated, comprehensive and functional line of mounts for Medium Weight Displays. Visit our website at www.draperinc.com/go/Mounts_MediumWeight.htm for installation instructions and specifications.

WM T—Aluminum construction, more stylish appearance and design than the WM T2. Back of display is only 1 1/2" away from wall surface. Display can be tilted up to 15 degrees. Can be mounted to single wall stud/support. Silver finish. Universal bracket arms built in, no additional bracket required.

WM T2—Steel construction. Back of display is only 1 1/2" from wall surface. Display can be tilted up to 10 degrees. Mounts to two wall studs/supports spaced at 16" on center. Silver finish. Universal bracket built in, no additional bracket required.

WM ST—Back of display is only 3 1/4" from wall surface. Display can be tilted up to 12 degrees and rotated approximately 20 degrees side to side. Silver finish. Universal bracket built in, no additional bracket required.

CM ST400/800/1200/1800—Stylish ceiling mount series. Available in four sizes. Can hold up to four total displays depending on display sizes and length of mount. Displays can be placed back to back. Display can be tilted up to 12 degrees and rotated up to 15 degrees side to side. Each CM ST ceiling mount includes one M ST kit for mounting one display. Additional M ST kits required for each additional display. Silver finish/black accents.
