

Technical Bulletin TB2024-5-SH

Bead Chain Shades-Child Safety Labeling

The following warning label will be affixed to the window side of all bead chain-operated window shades manufactured by Draper, Inc., beginning. Please do not remove it from the shade.

A tensioned hold down device that brings a bead chain shade into compliance with ANSI/WCMA A100.1-A will be permanently attached to the chain when it is shipped from our factory. Also attached is a kit containing mounting brackets and instructions, along with the following warning tag:
