

PROJECTOR LIFT AEROLIFT MODELS 35, 100, 150

CEILING MOUNTED/INSTALLED, LOWERED WHEN IN USE

Aerolift in private residence, Universal projector mount above.

■ Aesthetically designed, each model in the AeroLift series varies in vertical extension length, maximum lifting capacity, and features a stabilizing arm for cable management. Built-in adjustability provides for quick and easy response to job-site conditions.

Optional accessories such as environmental airspace housing isolates and secures your lift and projector from the space above ceilings.

FEATURES

- 110 or 220 Volt.
- **The AeroLift 35**—the first in the series—provides a ceiling-recessed projector lift with a 35-pound (16 kg) maximum lifting capacity for areas that have space limitations.
- **The AeroLift 100**—the second in the series—provides a ceiling-recessed projector lift with a 100-pound (45 kg) maximum lifting capacity for areas that have space limitations.
- **The AeroLift 150**—the largest in a series of three—provides ceiling-recessed projector lifts with a 150-pound (68 kg) maximum lifting capacity in areas that have space limitations.
- Wall switch standard.
- **WARRANTY:** One year against defects in materials and workmanship.

OPTIONS

- Optional IR or RF remote control, or integrate into your control system.
- **35 Accessories, 35 Controls**
